ABOUT THE POWER OF STORYTELLING GRANT PROGRAM

The Power of Storytelling Grants are offered by The Alliance for Media Arts + Culture to support emerging filmmakers in our national programs. In the project proposal, we invite applicants to define what the **Power of Storytelling** means to them. Is your story about a powerful person in your life? Is it about the power of photography to capture a moment in time? Cultural power? Political power? The power of family? The power of telling an untold story? Whatever you share in your application, Alliance mentors will support you to tell your story on your own terms. In the short application, you will tell our panel what the “power of storytelling” means to you and how your project reflects that idea. And you will submit a budget that shows us how you will spend \$5000. We understand that for some of you, this will be your first grant application, and we are happy about that. If you have any questions along the way, please email Alliance Senior Producer Valentina Vargas, valentina@thealliance.media
